The Commission Members welcome and encourage participation in the Commission meetings. When it appears there are several members of the public wishing to address the Advisory Commission on a specific item, at the outset of the item the Chair of the Commission will announce the maximum amount of time that will be allowed for presentation of testimony. Matters under the jurisdiction of the Commission and not on the posted agenda may be addressed by the general public following completion of the regular agenda and any off-agenda matters before the Commission for consideration. The Commission limits testimony on matters not on the agenda to five minutes per person and not more than a total of fifteen minutes for a particular subject.
